Mahlwinkel Airfield

Legend:

- 1 Poles with markers numbered 69, 72, 74 located at northeastern corner; distance between poles 69 and 72 about 100 meters
- 2 Five low wooden buildings; one about 7 x 20 meters, two about 3 x 5 meters, including one probably occupied by Soviet guard detail; the other buildings are occupied by German workers. Timber dump with about 100 cubic meters of long timber to the northwest
- 3 Tool shed and two steam engines
- 4 Approach road with wooden turmpike at kilometer marker 3.7; warning sign and board reading "VAB Raumion Brandenburg Projektierung Industriebau"
- 5 Steam engine
- 6 Mectric line
- 7 Field railway track between kilometer markers 2.2 and 2.3; about 400 ties are stored there
- 8 Road leading to airfield with an off-limits signboard
- 9 Heap of earth, about 40 neters long
- 10 Border line between the field and the clearing
